

Have you ever been pregnant before? (Please include abortions and miscarriages)

If you have been pregnant before, did you experience any complications with the pregnancy, birth or post-partum?

Have you experienced any complications with this pregnancy?

Have you had any pre-natal testing such as amniocentesis? Please be specific.

Do you have any medical condition which you feel may affect your pregnancy or birth?

How do you plan to feed your baby?

Is there anything else I should know about you?

What topics are most important to you to cover in class? What do you hope to get out of the class?
